Points are awarded to the top ten USATF-Southwestern Association finishers in each division. The winner will receive one hundred points, and the next finishers are awarded ninety, eighty, seventy, sixty, etc., points respectively. If less than ten athletes participate in a particular division, the winner receives points equal to the number of finishers in that division times ten.

To be eligible for prize money an athlete must have completed at least five grand prix races. If an athlete fails to complete the prize money requirements, his place remains the same and no athlete moves up.

*No duplication of awards. Athletes with High school or collegiate eligibility are not eligible for monetary awards per UIL and NCAA regulations.
